When "some so-called believers" began to undermine the faith of Christians at the end of the first century, the Apostle John responded with conviction, confidence, and clarity. John's letters to the churches he loved exposed falsehood and gave believers confidence in their relationship with God.

I, II, & III John presents a compelling picture of Jesus so we see clearly who God is and what love is.

You can sign up at Guest Services or check the box on your communication card! Study guides will be ordered June 8.
